dyson

Pet grooming kit

- Dyson-engineered accessories to groom medium and long haired pets.

- Captures loose hair as you brush your pet. Flexible bristles self-clean in an instant. For medium and long haired pets.

- Kit includes pet groom tool, extension hose and quick-release adaptor.

Groom. Suck. Gone.

Sound engineering
Dyson's Pet groom tool is acoustically engineered to keep things more peaceful for your pet.

For medium and long haired pets
You can use the Pet groom tool on any pets you already groom using a standard slicker brush.

Self-cleaning
Release your thumb to retract the bristles. The vacuum sucks tangled hair straight into the bin.

Angled bristles
364 slicker bristles angled at 35° flex to an upright position as you brush, penetrating deep to grab loose hairs.

Shared Features

Smarter Decor

Modular Designs

Combine panels with Connect+ in any design that matches your personal style. *Feature is only available for the Nanoleaf Shapes line.*

Works as Thread Border Router

Get instant reliable control of your Thread-enabled devices, like Nanoleaf Essentials Bulbs and Lightstrips, with no additional hubs.

16M+ Colours

Create the right ambience for any occasion with your favourite colours or white colour temperature.

Music Visualizer

Watch your lights dance to your favourite music/sounds with the Rhythm feature.

LayoutDetect™

Exclusive technology that enables intelligent colour animations based on your unique layout.

Simple Setup

Attach your layout to a smooth surface with the included double-sided mounting tape.

Screen Mirror

The colours from your screen are reflected on your panels in real time for an immersive experience. Try using Match mode for next-level movie nights and gaming sessions.
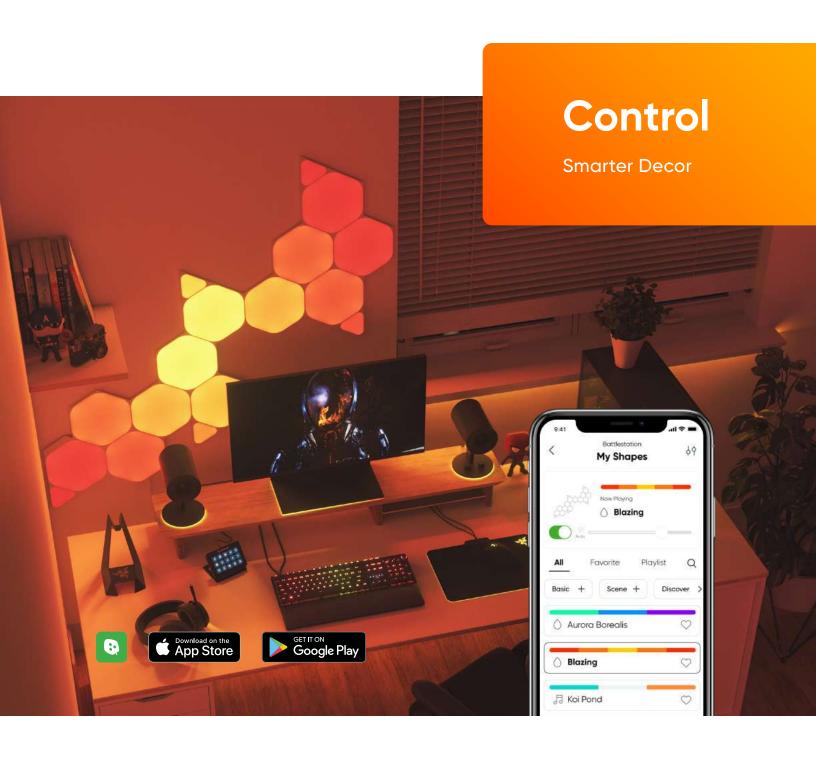

Touch Enabled Experiences

Control the lights or play touch games. Try Touch Actions to activate HomeKit devices. *Feature is only available for the Nanoleaf Shapes & Canvas.*

Nanoleaf Community

Share custom Scenes you create and download more from the community in the Nanoleaf App.

Works with Razer Chroma

Sync brilliant colour effects across all of your compatible Nanoleaf and Razer Chroma devices while you game!

Nanoleaf Lines

Modular Backlit Lighting

Colour Outside the Lines

Nanoleaf Lines are **smart backlit LED light bars** that deliver stunning RGBW illumination in a never-before-seen modular form factor. Connect Lines together into your own personalized geometric layouts, and customize 16M+ colours and light animations to create a design piece truly unique to your space.

Key Features

Nanoleaf Lines

Backlit Modular Lighting

Design your own unique layouts for a stunning and futuristic ambient glow.

Dynamic Lighting Effects & 16M+ Vibrant Colours

Choose from or create unlimited colour animations with 2 vibrant colour zones per light bar. Set the perfect ambience with an intuitive colour wheel for complete customization.

Screen Mirror Feature

Sync with the colours from your PC screen in real time for an ultra-immersive gaming or movie watching experience.

Music Visualizer

Watch the lights react and dance to the beat of your music in real time.

Flexible Control

Flexible control through voice assistants (Google Assistant, AppleHomeKit, Amazon Alexa), Nanoleaf App (mobile, tablet or desktop), or manual buttons on the controller.
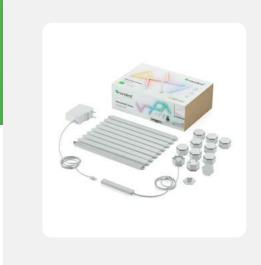

Simple Adhesive Setup

Mount to any smooth surface with the included double-sided Mounting Tape.

Nanoleaf Canvas

Smart Colour Changing Panels

Create Your Own Masterpiece

Nanoleaf Canvas are light squares that connect to and delight the senses - playing on sight, sound and touch for a lighting experience that goes beyond mere function. It's a plug and play light that makes life easier right out of the box, and transforms your home from smart to intelligent. The Canvas' special attention to aesthetics, with its edgeless illumination, makes it a standalone piece of art that is also one of the most technologically advanced smart lighting available today.

Where Smart Meets Art

Sync Your Lights With Screen Mirror, elevate your home decor with a captivating statement wall.

Upgrade you battlestation, create an immersive gaming experience using the Screen Mirror feature, or your own custom RGB Scenes.

Work smarter from home, adjust panels to your ideal white lighting temperature, or download one of the productivity-boosting Scenes in the Nanoleaf App.

Nanoleaf Elements

Wood Look Hexaxgons

Design Your Personal Oasis

Wood look panels designed to add an elegant and organic feel to your home. Choose from a range of warm to cool lighting options to illuminate your space with a natural glow. Made to look beautiful on or off.

Lighting
That Inspires

Reimagine your space, elevate your home decor with a captivating statement wall.

Get cozy, create a warm ambience with a modern take on the classic fireplace.

Find inspiration, let the panels take you to a place of creativity.

Create calm, set up your personal wellness corner for yoga and meditation.

Wind down, escape the stress of everyday life, or relax and get ready for bed.

What Truly Sets the Elements Apart

Bespoke Lighting Designs

Arrange the modular Elements panels into any configuration for complete creative freedom. A truly bespoke lighting experience, without the traditional markups.

Nature-Inspired Smart Decor

The perfect harmony of art and technology, Nanoleaf Elements doubles as an elegant piece of artwork and customizable ambient lighting. Controllable with touch buttons or through the Nanoleaf App.

Simple Setup

Easily secure panels to the wall with included adhesives. It's easier than putting up a picture frame.

Dynamic Glowing Effects

Experience the cozy feeling of a crackling Fireplace or the tranquility of a Calming Waterfall with Elements curated lighting Scenes. Or customize your own in the app.

Key Features

Nanoleaf Elements

Thread-Enabled

Elements Controllers work as Thread Border Routers to support Thread-enabled products, like Essentials Bulbs and Lightstrips.

Schedules

Automate your lighting to wake you up in the morning, wind down at night and set reminder alarms.

Circadian Lighting

Matches the colour temperature of your lights with sunlight to rebalance your body's natural rhythms.

Touch Controls

Touch a panel to turn on/off, change Scenes and adjust brightness.

Music Visualiser

Watch your favourite songs come to life in real-time as the lights sway along to melodies and beats.

Discover Community

Explore thousands of new Scenes or upload your own creations.

Layout Assistant

Create a design and preview on your wall with AR Technology.

Nanoleaf Essentials

Smart Colour Changing Bulbs & Lightstrips

Your Smart Lighting Basics

Exclusive Thread-enabled smart bulbs and lightstrips that work seamlessly with your smart home. The Essentials line offers all the smart lighting basics with the most cutting-edge technology that is built to last. Enjoy the brightest and most accurate whites, vibrant colours, and Circadian Lighting that will increase your productivity throughout the day and help you unwind when you need it.

Set the Perfect Ambiance

Level Up Your Entertainment, set an epic cinematic ambience, enjoy rich colours and vivid white lighting for a personalized experience.

Upgrade you battlestation, create an immersive gaming experience using the Screen Mirror feature, or your own custom RGB Scenes.

Work smarter from home, add adjustable white lighting temperatures to your workstation to boost productivity and help you focus.

Smart tunable white and colour lighting, bright whites for prepping meals and vibrant colours to help you host happy hour.

Create a vibe for every mood, unwind after a long day, or get inspired with the purest colours that can be controlled right at your fingertips.

Key Features

Nanoleaf Essentials

Purest Colours

Fully immerse yourself in the world of colours with over 16M colours in their most vibrant tones at your disposal.

Thread-Enabled

Lightning fast response times with improved connection reliability and range so you can enjoy instant and dependable control of all your Essentials products. Requires a compatible border router (i.e. HomePod mini).

Circadian Lighting

Light automatically adjusts to sync to your body's needs for maximized productivity, and naturally prepares you for restful sleep by removing blue light as the day turns into night.

Vivid Whites

The brightest and most accurate white lighting in a smart bulb/light strip. Go from cool productive lighting to warm cozy wind down, it's designed to satisfy all your white lighting needs.

Manual Lightstrips Controller

Don't want to pull out the app? Turn On/ Off, change the brightness or cycle through colours with the easy-access Controller.

Mounting Type	Via included double-sided tape or screw mounts (Screw Mount Kit is sold separately)
Warranty	2 years
Usage	Indoor Only

Dimensions

Lightstrip Length	2M Starter Kit 1M Expansion Pack
Lightstrip Width	1.5 cm
Controller Cable Length	14.48 cm
Controller Size	9.5 cm x 3.6 cm x 1.78
Power Cable Length	71 in (180 cm)
Cut Ability	Follow cut marks every 13"
Extendability	10M (Max brightness decreases beyond 10M)

Colour

Average Brightness	2000 lumens
Max Brightness	2200 lumens
Max Colours	More than 16 million (all shades of white and colours)
Colour Channel Configuration	RGBCCWW

Colour Temperature	2700 – 6500K
LED Distribution	21 LED set per meter (7 sets per 33 cm cuttable length)

Power

Wattage	23 W for 2M
Max PSU Output	30 W
Standby Power	0.23 W
Rating Input	100V–240V, 50/60Hz (universal range)
Lifetime	25,000 hours

Control

Communication Protocol	Bluetooth, Thread (currently iOS only)
Dimmability	Yes (via the Nanoleaf App, Voice Control, Controller)
Dimming Range	1% - 100%, resolution at 0.1%
Compatibility	Apple HomeKit, Google Assistant
Controller	On, Off, Change Scene, Brightness +/-
The Nanoleaf App	Control via Nanoleaf App (Android & iOS) for mobile/ tablet or Nanoleaf Desktop App for PC or laptop.

LIMITED EDITION
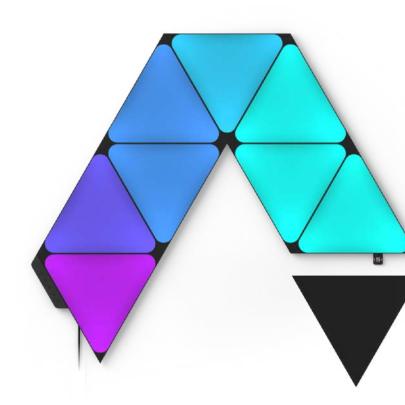

Shapes Ultra Black Triangles

Unleash smart lighting like you've never seen before with the limited edition Nanoleaf Shapes Ultra Black Triangles. Featuring a 360 black finish—including black mounting and power accessories—to design and create your own accent or statement piece. Enjoy the sleek black finish while off, or switch them on for vibrant high-contrast RGB lighting animations.

LIMITED EDITION
Shapes Ultra Black Triangles

1

Install by your desk setup, entertainment area, or any space where you want to infuse a futuristic feel.

Packed with all the smart features from the Shapes line, such as Rhythm Music Visualizer, Screen Mirror, Touch, Schedules, and more! Shapes Ultra Black Triangles are available as a Limited Edition Smarter Kit (9 panels) and Expansion Pack (3 panel add-ons).

Ultra Black Triangles create vibrant high-contrast RGB lighting animations.

Create a **bold RGB look on or off** with the sleek matte black finish, complete with all black Mounting Plates and Controller.

Modular LED light panels designed with exclusive Connect+ technology to work with Nanoleaf Shapes and Elements panels.

Touch-Enabled controls to adjust your lighting, create dynamic effects and even play interactive games.

Flexible control through voice, touch or the Nanoleaf App.

Rhythm Scenes **transform your favorite songs** with a real-time music visualizer.

With **Screen Mirror,** sync your movies and games with the lights for the most immersive entertainment experience.

Nanoleaf's exclusive **LayoutDetect™** technology enables color animations to flow intelligently across panels based on your custom layout

Thousands of lighting Scenes and 16M+ colors to explore in the Nanoleaf App.

Specifications

Shapes Ultra Black Triangles

General

Key Features	Conenct+, Touch-enabled, Music Sync, Screen Mirror
Mounting Type	Via included double-sided tape or screw mounts (screws and anchors not included)
Warranty	2 years
Usage	Indoor Only

Dimensions

Height per Panel	7.75 in (20 cm)
Width per Panel	9 in (23 cm)
Weight per Panel	0.31 lb (141 g)
Panel Edge Thickness	0.24 in (0.6 cm)
Panel Mounted Thickness	0.39 in (1 cm)
PSU Cable Length	8.2 ft (2.5 m)

Color

Max Colors	More than 16 million
Color Channel Configuration	RGBW
Color Temperature	1200K - 6500K
Color Rendering Index	80

Nanoleaf Lines Squared

Nanoleaf Lines are **smart backlit LED light bars** that deliver stunning RGBW illumination in a never-before-seen modular form factor. Connect Lines together into your own personalized geometric layouts, and customize 16M+ colors and light animations to create a design piece truly unique to your space.

Backlit Modular Lighting

Create unique 90° layouts or combine with 60° hexagonal connectors for even more design possibilities.

Music Visualizer

Watch the lights react and dance to the beat of your music in real time.

Dynamic Lighting Effects & 16M+ Vibrant Colors

Choose from or create unlimited color animations with 2 vibrant color zones per light bar. Set the perfect ambience with an intuitive color wheel for complete customization.

Flexible Control

Flexible control through voice assistants (Google Home, Apple Home, Amazon Alexa), Nanoleaf App (mobile, tablet or desktop), or manual buttons on the controller.

Screen Mirror Feature

Sync with the colors from your PC screen in real time for an ultra-immersive gaming or movie watching experience.

Simple Adhesive Setup

Mount to any smooth surface with the included double-sided Mounting Tape.

WITHINGS

COMPANY PRESENTATION

AT **WITHINGS,**
WE BELIEVE EVERYONE
SHOULD BE
EMPOWERED TO
TAKE CARE OF
THEIR **HEALTH**

EMPOWER ANYONE
TO TAKE CARE OF THEIR HEALTH

10 years ago, Eric Carreel co-founded Withings by launching the first-ever Wi-Fi Scale.

10 years later, a major paradigm shift is happening in how we take care of our health.

We believe anyone should be able to access the right tools:

- to continuously monitor their health outside of the doctor's office

- to prevent and better manage chronic disease from home

- to initiate behavioral change that leads to better health

WITHINGS

WITHINGS
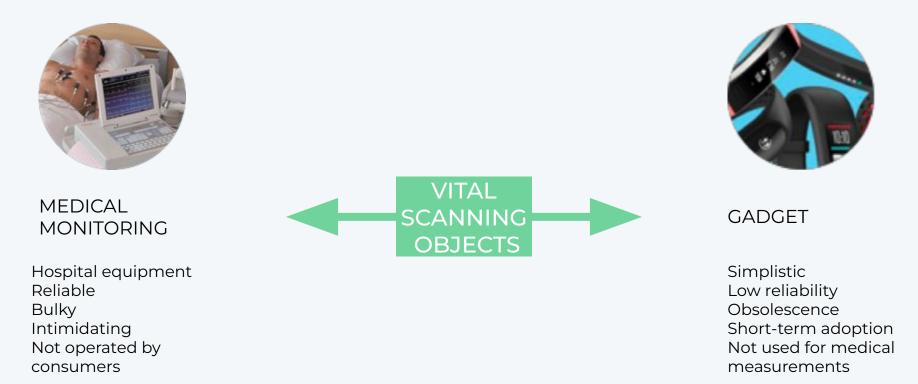

creates devices embedded in easy-to-use everyday objects that connect to apps and act as powerful daily health check-ups, as well as tools to help master long-term health goals.

CLINICALLY TESTED

WITHINGS

MASTER YOUR VITALS

Simply by weighing yourself on a **Withings** scale, or
wearing a watch, you begin to master your vitals.
And you get the power to improve your health.

WATCHES

SCAN VITAL PARAMETERS 24/7

WITHINGS WATCHES are hybrid smartwatches powered by MED.INTELLIGENCE which scan the wearer's vital parameters around the clock.

Created to monitor and improve the physical condition.

State-of-the-art medical technology nested in a high-end watch.

Crafted with an eye for design.

WITHINGS WATCHES have an unsurpassed battery life, the longest on the market.

MOVE

MOVE ECG

STEEL HR

SCANWATCH

WITHINGS

THE MOST ADVANCED HEALTH WEARABLE EVER DESIGNED.

Discover ScanWatch, the first hybrid smartwatch combining a medical-grade electrocardiogram and sleep apnea detection.

For the first time, Withings developed an exclusive heart and SpO2 sensor choosing best-in-class technology: multi-wavelength PPG, delivering better performance and ultra low power consumption for an unsurpassed battery life of 30 days. Encapsulated in the finest materials (sapphire glass, stainless steel), ScanWatch provides the widest array of health data in only one device.

Developed with cardiologists, and soon-to-be clinically validated, this is the first time ever than a hybrid smartwatch can notify users they are at risk for highly prevalent yet underdiagnosed conditions including sleep apnea and atrial fibrillation.

VITAL PARAMETERS
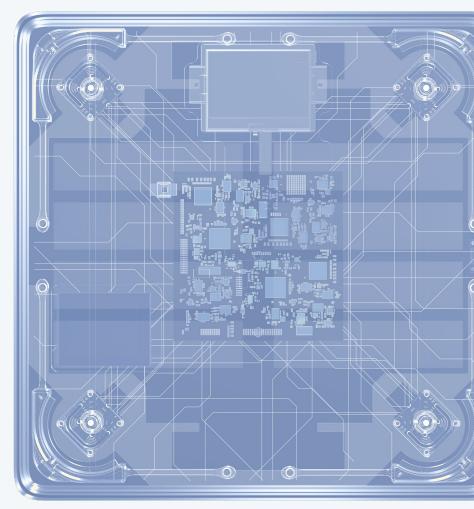

- ELECTROCARDIOGRAM - AFIB DETECTION
- BREATHINGS DISTURBANCES DETECTION via SPO2
- HEART RATE (DAY & NIGHT)
- HEART BEAT NOTIFICATIONS
- ACTIVITY (STEPS, CALORIES, DISTANCE)
- SLEEP (LIGHT, DEEP) TRACKING
- CONNECTED GPS - MULTI-SPORT TRACKING
- ELEVATION
- SMART WAKE-UP

SIMPLE & SMART

- UP TO 30 DAYS BATTERY LIFE
- EXCLUSIVE MULTI-WAVELENGTH PPG
